SKILLS

- ArcGIS Pro
- Erdas Imagine
- Image Classification
- Satellite Image Processing
- Microsoft Office Backage
- QGIS
- SNAP Desktop
- Figma
- Presentation

Professional Summary

Accomplished Senior Remote Sensing Analyst with extensive expertise in processing and analyzing multi-source satellite imagery (Optical and SAR) to extract high-precision spatial insights. Skilled in developing advanced analytical workflows, environmental and urban change detection, and transforming complex satellite data into actionable strategic insights.

- Joined the company on **June 1, 2024**, leading advanced image processing operations and enhancing the quality of spatial analytical deliverables.

Education

- **Bachelor of Arts in Geography (GIS & RS Specialization)**
  - Cairo University | (2019 – 2023)
  - **Degree:** Bachelor of Arts (B.A.)
  - **Core Focus:** Geographic Information Systems (GIS) and Remote Sensing, focusing on advanced spatial analysis, satellite imagery interpretation, geospatial data management, feature extraction, and digital cartography.

Practical Experience / Participation in Projects

Participated in Transportation Project (Stage2), briefing and managing traffic-counting teams in field, 2023 - 2024 .

Traffic Counting Surveyor Role:

- Join traffic-counting field tasks and missions in Dahshur / Kalabsha.
- Interviews with trucks and cargo drivers.

Participated in Transportation Project (Stage3), briefing and managing traffic-counting teams in field, 2024 - 2025 .

Traffic Survey Supervisor Role:

- Supervise field teams for traffic-counting missions
- Brief and follow up traffic bottleneck / traffic-flow rates data collection.

Participated in Transportation Project (Stage4), briefing and managing traffic-counting teams in field, 2026 - 2027 .

Operation Director Role:

- Follow up & monitor field teams
- Monitor field teams / shift handover & data collection updates
